Meet those you have known in either of these states. You are cordially invited with any of your friends to a joint picnic reunion of the former residents of these three states, all day Saturday, July 29th in beautiful Bixby Park, Long Beach. There are many who have lived in two or even three of these states and will be pleased to see friends of the olden days. Bring your basket dinners, coffee supplied. County registers for each county in each of the three states. There will be an informal program opening about half past two. Here is your part—pass the word to every one you can who ever lived in either state. Tell them it's to be a jolly time. Ask your questions of C. H. Parsons, phone 10261 write or call at the Continental National Bank, Ninth and Main streets, Los Angeles.

**BUILDING ACTIVITIES**  
During the past few months the northwestern states have experienced a revival of their lumber industry. Mills are operating, workmen are being employed, many ship loads of lumber are moving to various ports and thousands of cars are being transported east. The result is that lumber, the barometer of prosperity in the Pacific Northwest is again employing its thousands of workmen with resulting prosperity to many communities.

There is going to be an old man dependent on you some day. He is not your father, nor your wife's father, nor an uncle, nor an elder brother, but **you yourself**. What are you laying by for his happiness, comfort and sustenance during the sunset days of life? The time to make provision for him is now while you are young and strong and prosperous. Later on it may be too late.
